

Our Financial Strength

For an insurance and asset management company, there is nothing more important than financial strength. We take this responsibility very seriously and back it up with our disciplined business practices, sound investment strategies and unique industry expertise. Because of our strong business mix and capital levels, we at The Standard have maintained our focus on providing excellent customer service while still seeking attractive business opportunities. By approaching our commitments with a long-term perspective, we are able to invest for our customers and build value for our shareholders.

Our balance sheet is the cornerstone of our financial strength and has provided us with a foundation for profitability through a wide range of economic cycles.

Bond Portfolio

Our bond portfolio is strong. Our strategy is to maintain a diversified portfolio of high-quality, fixed-maturity securities to keep us well-protected should any industries experience difficulties.

- Average portfolio rating of “A-” as measured by Standard & Poor’s

Commercial Mortgage Loan Portfolio

Our commercial mortgage loans have consistently provided a superior balance of risk and return. We offer small commercial mortgage loans to borrowers who want a fixed rate over time, and we rigorously underwrite every commercial mortgage loan we make. The quality of our commercial mortgage loans is excellent. As of Dec. 31, 2014:

- \$5.32 billion portfolio (on approximately 6,500 loans)
- Average loan size: approximately \$0.8 million

The Standard Stands The Test Of Time

In the July 2014 issue of *Best’s Review*, Standard Insurance Company was recognized for maintaining an “A” rating or higher from A.M. Best Company since 1928. The Standard was honored to be among one of only 12 life/health insurers to consistently achieve an “A” rating or higher for more than 75 years. Given the rapidly evolving markets, changing customer needs and challenging economic times, this is a significant accomplishment. We are proud of this longstanding track record of financial strength.
