

Dighton Rehoboth Regional School District Families,

We would like to start this communication by saying how very much your Champions Family has missed you. We had no way of knowing when we said farewell to you all on March 13th that we wouldn't be seeing you for so many months. We want to thank all of you who have reached out to say hello via email, text messages, and phone calls. Your Champions teachers miss you more than you could imagine, and we can't wait till we are all back together!

As you all know DRRSD is starting the year with remote learning. This was not an easy decision for the district to make but the safety of all children, staff, and families is everyone's number one concern. Champions, in partnership with the district, will be following the same model. We will not be running Before and After Programming or Remote Learning Support at this time. We will stay in close communication with district leadership so that when your children are back to school that Champions will be there to support your families once again.

If you were enrolled for the school year but do not intend to use our services, even once face to face learning is back in session, please call our Family Support Line at 800-246-2154 so that your registration fee can be returned to you. If you do plan on using our services upon return to school please leave your account as is. We can't wait to see all our friends and families soon!

Please stay safe and don't hesitate to reach out with any concerns,

Kaitlin Grant
